PEACE CONGRESS TO OPEN IN PARIS MONDAY, JAN. 13; WILSON RETURNS FEB. 12

President Will Tell American People of Progress and Will Go Back to France After March 4— Conferences Are Renewed.

PARIS, Jan. 7.—President Wilson returned to Paris this morning after receiving an ovation throughout Italy such as has never been accorded any foreign ruler. There were no formalities over his arrival, and he went at once to the Murat residence for a series of conferences that will begin to give concrete form to the work of the Peace Congress.

It seems definitely settled to-day that the conference will open on Monday, Jan. 13, with Premier Clemenceau of France presiding. No permanent President is likely to be named, the delegates taking turns in the chair.

M. Dutasta, French Minister to Switzerland, is likely to be Secretary to the Peace Congress.

According to present plans, Mr. Wilson intends to sail for the United States about Feb. 12, for the closing sessions of Congress and to deliver several addresses concerning the settlement of the war and establishment of a durable world peace. He will return to France after March 4.

The President's conferences this week will be of vital importance.

Lord Robert Cecil, the British authority on a League of Nations, will be one of the early arrivals. Premier Lloyd George is expected toward the end of the week and Foreign Secretary Balfour is ready to come from London whenever needed.

HAS PLANS FOR A LEAGUE OF NATIONS.

Lord Robert Cecil, it is understood, is ready to present a definite plan giving the British viewpoint on a Society of Nations. Leon Bourgeois is prepared to outline the French plan, while the American delegates have been engaged actively in putting their views in shape.

Others likely to see the President are Senator Owen of Oklahoma, Premier Venizelos of Greece and a Zionist delegation to discuss questions concerning Palestine, Syria and Armenia. Parts of the Polish, Czechoslovak and Serbian delegations have arrived and are seeking interviews with the President.

The outlook is for a busy week preparatory to the assembling of the Inter-Allied Conference next week. Commenting on President Wilson's visit to the Pope, L'Homme Libre, the organ of Premier Clemenceau, declares it would be rash to give to the visit any other interpretation than that of a manifestation of courtesy. In any case, it adds, it may be concluded from the gravity of the conversation that the talk did not have the "extraordinary importance" which certain circles had been inclined to attribute to it.

"We assume," the paper continues, "that we are about right in supposing that the conversation was on subjects which are not enigmas. Among the questions which were dealt with were those regarding the relation of America toward the Vatican, Armenia and Syria."

SECRET TREATY WILL BE DISCUSSED.

It appears certain, says the Tribune, that Greece and Romania, the latter comprising the lion's share of the Greek credits, and Slav countries, which will have two delegates to the Peace Congress, M. Venizelos, Premier of Greece, and M. Pachitch, the Serbian Premier, and M. Trumachev, Premier of Bulgaria, will be in Paris for the Peace Congress.

BAKER WILL BACK DISCIPLINE IN PORT

Is Sure Major Gen. Shanks's Views About Returned Men Are Right.

WASHINGTON, Jan. 7.—Secretary of War Baker has announced that he is standing back of Major Gen. Shanks, commander of the New York Port of Embarkation, in enforcing discipline upon troops from overseas.

"I was speaking with Gen. Shanks yesterday in New York and he told me the situation was somewhat difficult," said Mr. Baker. "He said that because of the relaxed pressure due to the termination of hostilities a great many of the younger officers felt that the bars were down and that they did not have to obtain permits to be out; that many of them were absent without leave and that there was a general relaxation of discipline. 'I told him I was quite sure his own view was a wise one; that demobilization must be orderly, and that it is just as incumbent upon these officers to obey the military regulations during demobilization as it was during mobilization. We must insist upon the proper observance of duty by these officers.'"

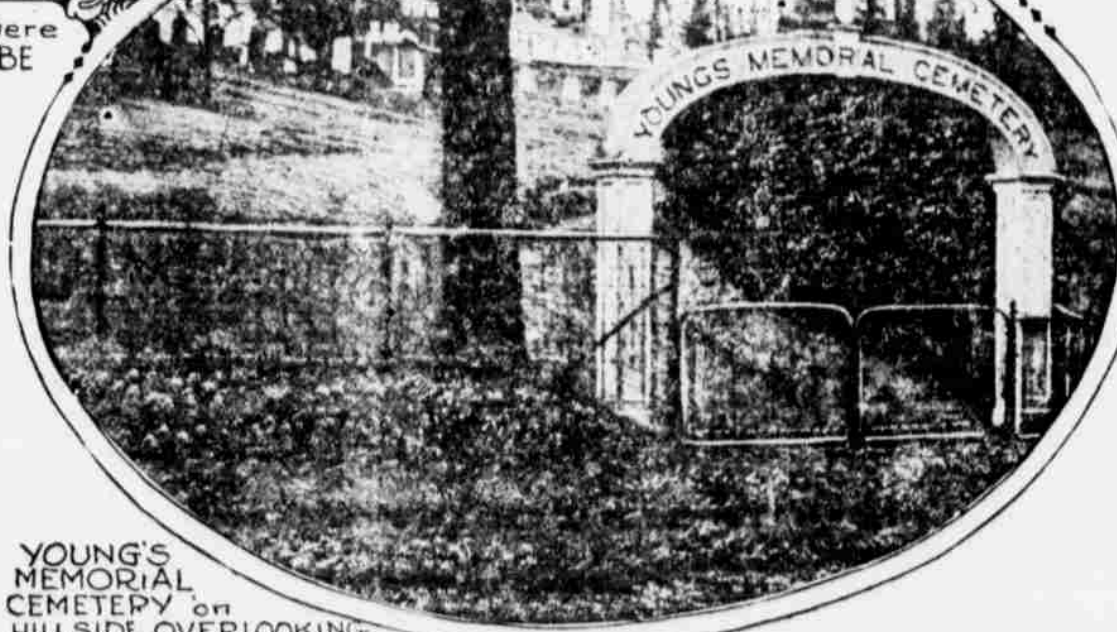

Men absent without leave are subject to court martial.

POINCARÉ WILL COME TO U. S. NEXT SUMMER

Wife Will Accompany French President on His Return Visit.

PARIS, Jan. 7.—President Poincaré will probably visit the United States late in June or early in July. This announcement was made by the President himself to the Associated Press.

When it was suggested that the greatest reception ever accorded a foreign ruler was awaiting him, the President said: "I must return President Wilson's visit. I am not looking for the honors of a reception. I simply wish to thank America and Americans for what they have done for the cause of liberty and France."

Mme. Poincaré undoubtedly will accompany the President.

OLD JOHN BARLEYCORN HAS 113,152,796 GALLONS LEFT

That Much Spirits in Bonded Warehouses—75,000,000 Will Remain When Country Goes Dry.

WASHINGTON, Jan. 7.—Just 113,152,796 gallons of whiskey and other spirits remained in bonded warehouses in the United States Jan. 1, a little more than half the quantity in reserve when distillation was stopped sixteen months ago, according to reports received today from revenue collectors. When distillation was stopped by the Food Conservation Act approximately 200,000,000 gallons were held in reserve in bonded warehouses. On most of the quantity taken out since then a tax of \$7.20 a gallon has been paid, or about \$230,000,000, enough to run the Government for four days in war time.

Despite the heavy withdrawals in the past three months—about 19,500,000 gallons in December, 3,500,000 in November and 8,500,000 in October—revenue officers now believe that at least 75,000,000 gallons will remain in warehouses when the National Prohibition Act goes into effect July 1. This will have to be converted into alcohol or spirits largely for industrial uses or shipped to other countries.

ONLY 500 CAN GET SEATS FOR THE CHURCH SERVICE; GREAT MEMORIAL LATER

President Wilson Sends Message of Condolence — Hundreds Flock to Oyster Bay to Pay Personal Trib- ute to Departed Leader.

Col. Theodore Roosevelt will have the simplest funeral ever given a world-famous man if the plans agreed on to-day are not changed. The magnitude of the event is growing hourly, however, and advices from Oyster Bay indicated the arrangements might have to be altered.

The announced plan is to have prayers at noon to-morrow at Sagamore Hill for members of the family and other relatives only. At 12.45 P. M. the Episcopal service for the dead will be read in Christ Church, Oyster Bay, where the Roosevelts have worshipped for many years.

There is to be no music, no eulogy, no honorary pallbearers. Very likely the present and former employees on the Roosevelt estate will carry the coffin, though it may be decided that they merely accompany the hearse. The Colonel's old horse, "Truxton," will have a place in the procession. The church is small and less than 500 invited guests will be permitted inside.

The burial will be in Young's Memorial Cemetery, on the crest of a knoll above Oyster Bay Cove, a spot selected by Col. and Mrs. Roosevelt not long after he left the White House. The commitment service there will be brief, and only the family and invited guests will be present. If the wishes of the family are observed, there will be no flowers.

Mrs. Roosevelt is sponsor for the plans, which are said to be in accordance with wishes expressed to her by Col. Roosevelt at various times. She has always been retiring and averse to notice.

Mrs. Roosevelt has been overwhelmed by the avalanche of telegrams, cables and letters of condolence from almost every inhabited part of the globe. Among the cables is one from President Wilson, sent direct to her instead of through the White House. The text of it will be given out to-day by Miss Josephine Striker, the Colonel's secretary.

MILITARY FUNERAL IF FAMILY WISHED.

It is customary for the President to give orders for a military funeral with all possible honors on the death of a former President, provided the family approve, but it is likely he will be told of Mrs. Roosevelt's wishes for a private funeral, if he has not already been.

It is understood to-day that later there is to be a great memorial service in New York for Col. Roosevelt, the plans for which will be started immediately. The Stock Exchange and other New York exchanges probably will be closed to-morrow, in accordance with the precedent followed on the day of the funeral of former Presidents and other distinguished persons.

Though saddened by the loss of its most distinguished citizen, Oyster Bay last night had the busiest time in its history trying to accommodate a thousand visitors more than the town is accustomed to care for. Every train brought its quota of persons who travelled long and short distances to pay a last tribute to the former President. Many were notations and many were obscure friends who had learned to love the Colonel for his democracy. Many thought the funeral was for to-day.

All had a hard time finding a place to sleep, among them close friends of the Roosevelt family, who had thought they might be put up at the mansion on Sagamore Hill. When they sought lodgings in Oyster Bay they found there were none.
